**ORDER REQUESTING SUPPLEMENTAL FILING**

This Order addresses the application of AEP Texas Inc. for a non-standard true up in accordance with the financing order in Docket No. 39931. In this proceeding, the Commission's scope is limited to determining whether the proposed adjustment complies with the financing order in Docket No. 39931. Finding of fact 88(a) of the financing order requires the non-standard true-up filing to contain justification for the proposed changes *as necessary to specifically address the causes* of the proposed non-standard true-up. The applicant has identified the causes of the non-standard true-up but has not explained how the proposed changes specifically address those causes. It would assist the Commission in determining whether the requirements of the financing order have been met if the applicant supplements its filing with information responsive to how the proposed adjusted rates are necessary to specifically address the causes of the non-standard true-up.

In the supplemental filing, the applicant should identify how the proposed changes address the causes of the proposed non-standard true-up. The applicant should file this information on or before April 22, 2021.

Signed at Austin, Texas the 7<sup>th</sup> day of April 2021.
